These observations related to incidence of lapsation in the first three years and the effects of forfeiture of the lapsed policies on the poorer sections of the population.

(c) and (d) The LIC had made a Revision Appeal to the Supreme Court and in deciding the appeal the Judges of the Supreme Ceurl remarked that the observations in the Judgement dated 22-1-87 were intended to guide the LIC in the conduct of its business and not to hurt its reputation in any manner. The LIC has taken into consideration the observations of the Supreme Court while recently liberalising provisions for revival of lapsed policies and conditions for settlement of death claims after payment of premiums for two complete years. Considering the initial administrative expenditure, it has not been found possible to do away altogether with Ihe non-forfeiture clause, which has legal sanction under the Insurance Act.
